SAFETY CAR PROCEDURE

SAFETY CAR

SC may use the Pitlane

SAFETY CAR PROCEDURE

SAFETY CAR PROCEDURE

- If needed, the Clerk of the Course can use the Safety Car to neutralize the race.
- When the Safety Car deploy order is given, all Marshals Post will show a waved yellow flag and SC board.
- The Safety Car will enter on track with the yellow lights on and take the head of the race with the leader behind itself.
- Overtaking is forbidden and the distance should be less than five car lengths apart.
- The Safety Car will be used until the safety conditions will be restored.
- When the Safety Car will approach the SC Line 1, competitor may enter in pit lane overtaking the SC.
- During the SC procedure Pit Exit remain GREEN. When the SC will close to pass the START Line pit exit will be closed (RED lights)
- When the last car of the group behind the SC will pass pit exit the light at pit exit it will be GREEN again.
- In some circumstances, the Safety Car can pass in pit lane. Please, always follow the Safety Car when its yellow lights are on.
- During the SC period it's not possible to serve penalties as STOP & GO and DRIVE THROUGH

SAFETY CAR PROCEDURE

SAFETY CAR PROCEDURE

- When the Clerk of the Course announces "Safety Car in this lap," the Safety Car will turn off its yellow lights at **Turn 11/12**
- From this moment onward, all drivers must maintain a consistent speed without performing any tire-warming maneuvers. All SC boards will be withdrawn and a single fixed yellow flag will be shown at each marshal post
- As the Safety Car approaches the pit entry, the yellow flags will be withdrawn.
- Green lights and a green flag will be displayed only at the Control line until the last car passes.
- Overtaking is only allowed after crossing the Control/Finish line.
- If the safety car remains on the track during the final lap, the following procedure will be implemented:
 - Turn off lights at **Turn 11/12**
 - Safety car returns to the pit lane
 - All competing cars will receive the chequered flag (no overtaking or green flag).

START BEHIND SAFETY CAR

Under certain circumstances the Race may be started behind the Safety Car. In this case, at any time before the “one-minute” signal is given, its orange lights will be switched on. This is the signal to the Drivers that the Race will be started behind the Safety Car. When the green lights are illuminated, the Safety Car will leave the Grid with all Cars following in Grid order, no more than ten car lengths apart. There will be no Formation Lap and **the Race will start when the green lights is on.**

Any Driver who is delayed leaving the Grid must not overtake another moving Car if they were stationary after the remainder of the Cars had crossed the Start Line.
This Driver must then take up position at the back of the line of Cars behind the SC

SUSPENDING AND RESUMING A RACE

The Pit Exit will be closed and all Cars must proceed to the grid where they must stop
They will then resume the race in accordance with the Regulation
The Safety Car will then be driven to the front of the grid

A race which has not been declared **WET** before the start will not be interrupted if ,
during its course, it starts raining, and drivers will be allowed to use rain tyres .
